MaryAnne, et al.,  
we plan to go out to Ebert this week on an unannounced inspection. Don talked to Andrea yesterday about going on Thursday and it sounds like she is available. Recognizing that there are three separate locations, we are considering if Wednesday afternoon is a possibility. Don will be in contact with Andrea to discuss further.

As an update on the other inspections noted below, the Tag Lane inspection was completed. We are still forecasting for [REDACTED] and [REDACTED] Calf and may be inspecting there in the coming weeks. We also have an AO with [REDACTED] and have added that to the list – in that we plan to do a file review and may do an inspection to determine if that case can be closed out.

Let me know if any questions or anything that you would like to discuss further.

Thank you.
